Online orders are the fastest way to place your order, however you can use this form to pay with personal check, money order, or cashier's check. Money order and Cashier's Check ship within 48 hours and Personal check will be held until it clears the bank. I will make my best effort to make sure items are pulled when the order is received but there is a slight chance items could be sold out while order is in transit. I will process a refund for any items I am not able to include in your order. Please include email address on the order so I can provide tracking info once your order ships.

**Please make all checks and money orders out to: Jason Nelson**
